

The 10<sup>th</sup> Annual Pawz in Park will be held on Saturday, October 21, 2023, at Long Leaf Park. Sponsoring this 100% non-profit event will not only help the homeless animal population in this area and provide medical treatment for many animals that are currently in foster care, but it will also show thousands of animal lovers your business supports a cause they believe in.

This event will feature local vendors showcasing their pet friendly wares, food trucks, a beer tent, pet contests, great raffle items and ALL proceeds will benefit our participating rescue groups.

Over 20 local rescue groups will be participating with information on volunteering, donating and their adoption process. Many will have 4-legged pals on site looking for their forever home!
